

# Mustafa Uday

## FrontEnd Developer

☎ 009647706163693 ✉ contact@mustafadev.me 📍 Baghdad, IQ, Iraq

## Summary

- Dynamic Front End Developer with a passion for creating engaging user experiences. Proven track record of integrating RESTful APIs, resulting in enhanced interactivity and responsiveness, which boosted user engagement by 30%. Expertise in implementing accessibility best practices ensures inclusivity for all users, coupled with a strong foundation in UI/UX principles. Eager to leverage my skills in problem-solving and collaboration to contribute to innovative projects.

## Experience

### Front End Developer

Mar 2024 - Present

#### RoboByte

Baghdad, IQ, Iraq

Integrated RESTful APIs to facilitate dynamic data retrieval, improving application interactivity and responsiveness. Conducted cross-browser testing to ensure consistent functionality and appearance across various platforms and devices.

Implemented accessibility best practices to make web applications inclusive for users with disabilities.

Developed and maintained comprehensive documentation of the codebase to support future development and onboarding of new team members.

Created modular components using frameworks like React to promote reusability and maintainability of code.

### Front End Developer (Part Time)

Jun 2024 - Present

#### Mazajk App

Baghdad

- Integrated RESTful APIs to enhance application functionality and improve data retrieval processes.
- Participated in Agile development methodologies, attending daily stand-ups and contributing to sprint planning sessions.

### Front End Developer

Apr 2023 - Mar 2024

#### Altameer System Solutions

Iraq

As a Front End Developer at ALTAMEER Company, the focus has been on designing and implementing responsive web applications. This role involves close collaboration with cross-functional teams to refine user experience and ensure that the technical requirements align with user needs. Played a key role in the development of a new user interface, enhancing usability and accessibility. Worked on integrating APIs to enable dynamic content updates. Adopted best practices in coding to ensure maintainability and scalability of applications. Conducted regular testing and debugging to maintain optimal performance.

### FrontEnd Developer

Jan 2022 - Mar 2023

#### Lente Agency (Startup)

Baghdad

At Lente Agency, the role of Front End Developer involved creating aesthetically pleasing and functional web applications. This position required a keen eye for design and a strong grasp of programming languages to deliver high-quality digital products. Contributed to the design and implementation of web pages that improved user navigation and experience. Ensured cross-browser compatibility and optimized applications for various devices. Collaborated with graphic designers to create cohesive and engaging visuals. Participated in code reviews to uphold coding standards and promote best practices.
